

SCHOOL STORE IS MATH AT WORK!

Norman E. Day School School Store

What is school store? It offers kids a chance to practice math skills and learn the value of money through purchasing (at cost) school-related items like pencils, pens, erasers, etc. Most items range from a nickel to three dollars. We hold the store during lunch every first Wednesday of the month beginning in October.

* Volunteers are welcome!! For volunteering opportunities, check the Day School website under the Miller/Day PTT. Then click Sign Up Genius and select the School store button or contact Blaine Colley at blainecolley@yahoo.com if you'd like to help!

Dates of School store

October 7

November 4

Holiday Market in December (no school store)

February 3
